

# Using the Mac app

**Kortex** 

## Downloading the app

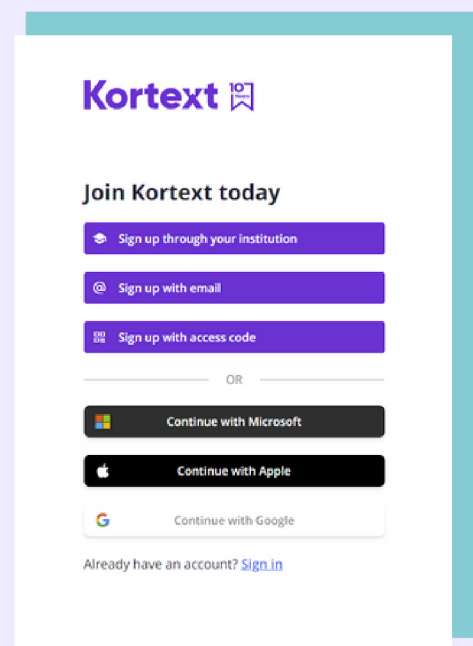

Before you can log into the app, you must download it.

1. Visit the the App Store and search for 'Kortext'.
2. Tap on 'Get' and wait for the app to finish downloading. Once downloaded, follow the next steps.

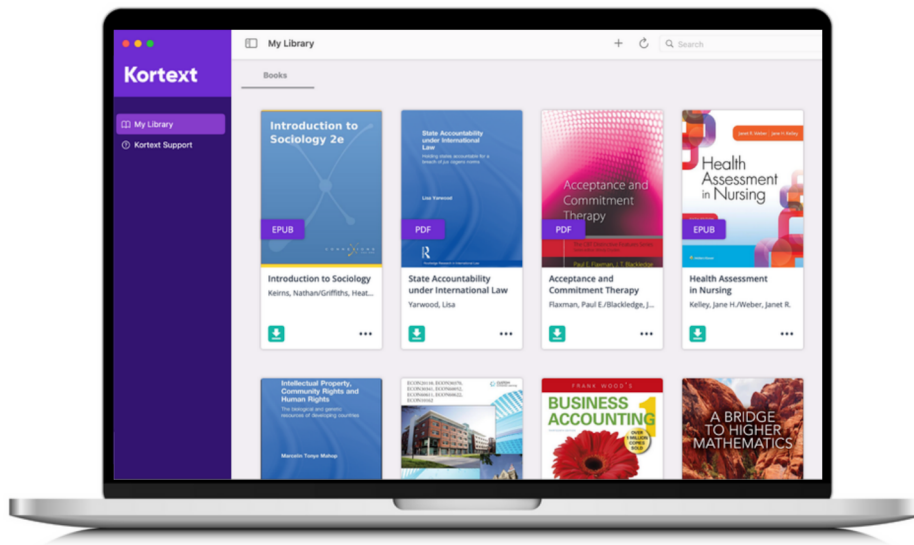

## Logging in

Once the app has downloaded, enter your login details as provided by your university to begin studying.

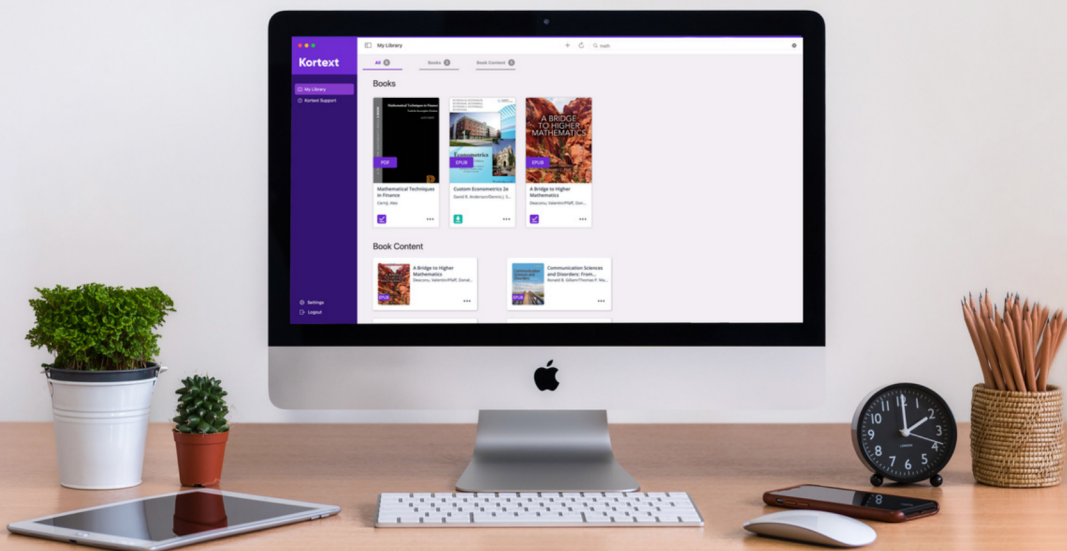

## The bookshelf

Once you have logged into your smart study platform, you will see your bookshelf. This provides access to eTextbooks and course content anytime, anywhere, and on any device.

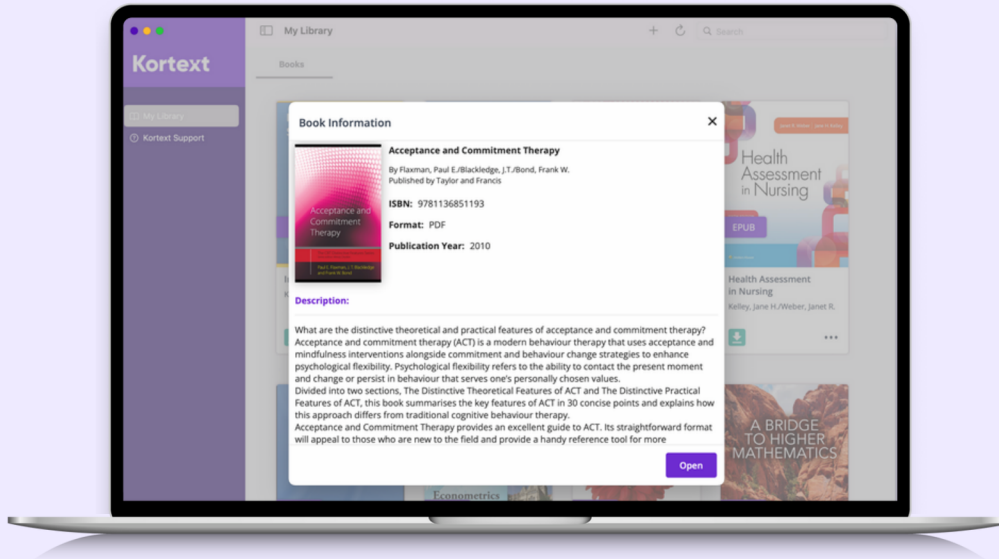

## Bookshelf search

Using the search bar in the upper right of the screen, you can search your entire bookshelf. You can search for a book title and search the content within eTextbooks too.

## Book information

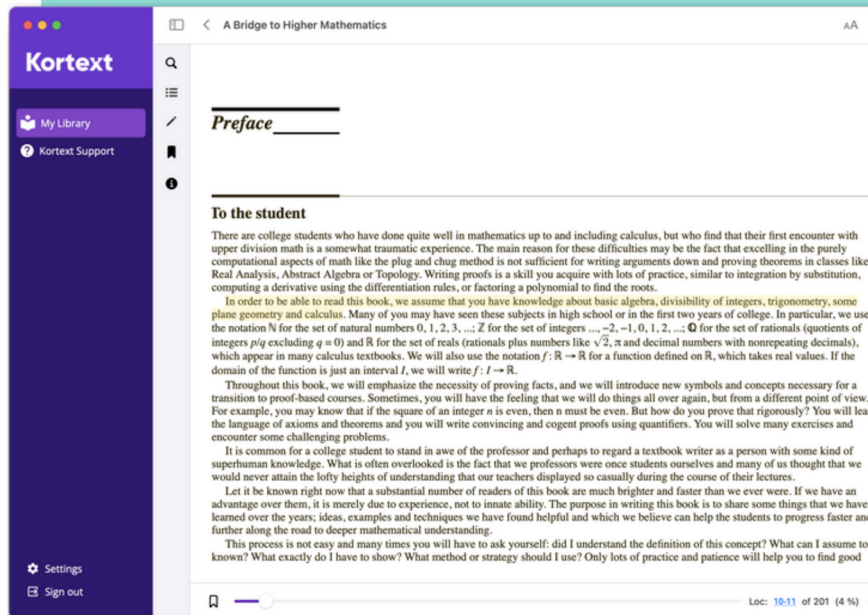

If you want to find out more information about an eTextbook, tap on the three dots in the lower right corner.

## The eReader

Studying has never been easier with access to our interactive tools that enhance your learning experience.

Our eReader offers outstanding accessibility, with options to select your preferred font type and size, page colour, and more.

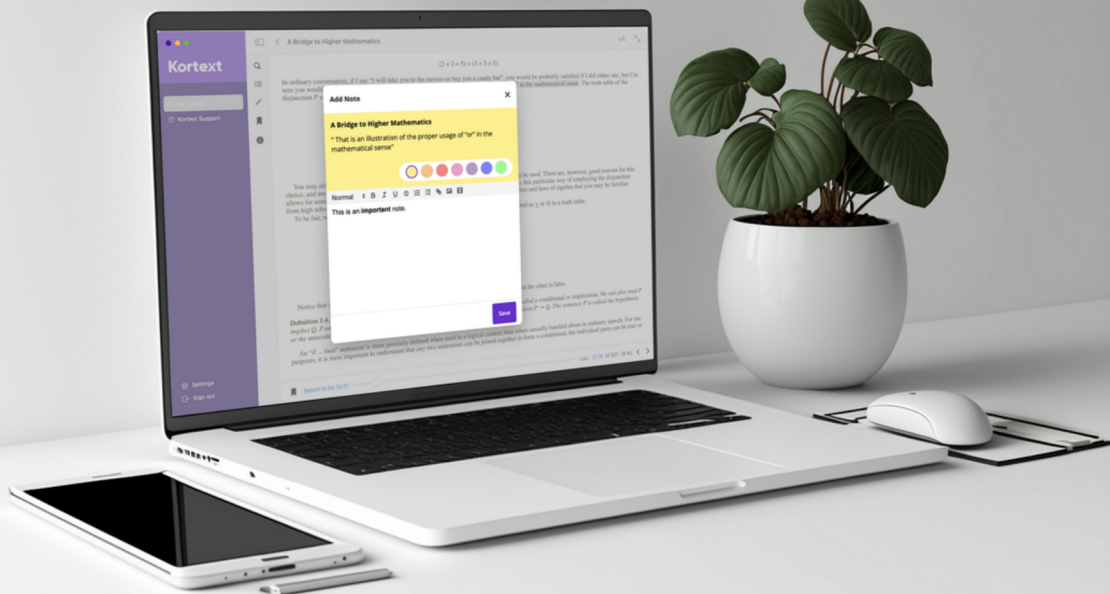

## Smart study tools

You'll have access to everything you need to make studying as efficient as possible. You'll be able to search, highlight text, make notes, add bookmarks, copy and paste text, and more.

## Highlight and annotate

The annotation tool has rich text features like bold, underline, bullet points and the option to add links, images and videos to your notes – taking studying to the next level.

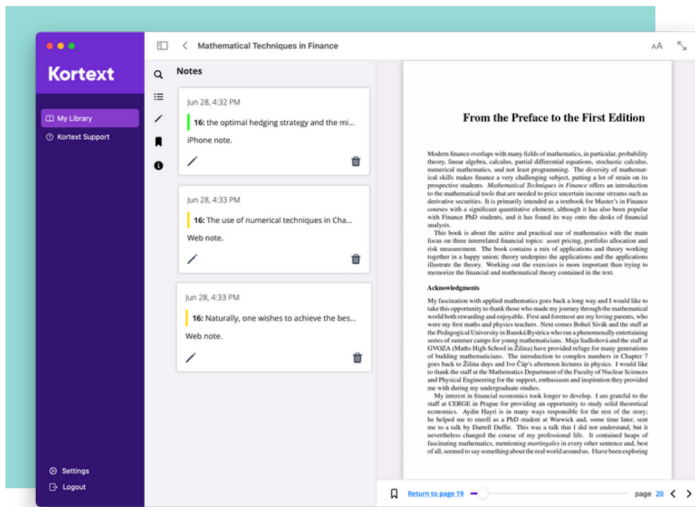

To make a note, simply hover your cursor over the text you'd like to highlight. Tap at the beginning of the text you'd like to highlight and drag the cursor. Once highlighted, you can colour code your highlighted text, as well as add a note.

## Top tip: colour coding notes

Colour coding your notes can help you organise information more effectively and study more efficiently, helping you navigate to important info, fast!

# Using the Mac app

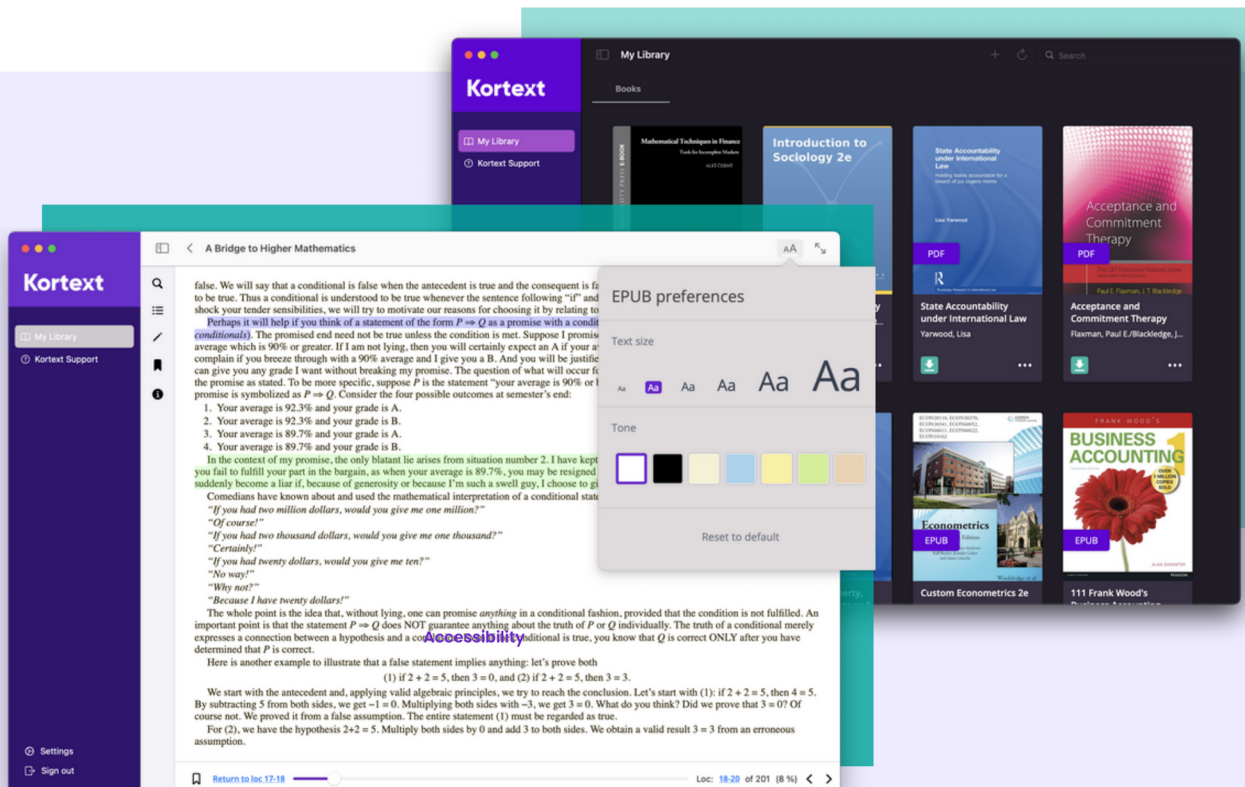

## Bookmarks

By tapping on the bookmark icon (below the pen icon), you can view all the pages you've bookmarked.

## Accessibility

Our accessibility tools enable you to customise your reading in a way that suits you. You can change font size, style and background colour, as well as view the entire platform in dark mode, or download your books to read in offline mode.
